Forecast for Thursday 15 Sep 2022

Weather: Any mist and fog will clear quickly through the morning, leaving a dry and bright start to Thursday. There will be some scattered cloud throughout the day, with a few light showers at times, but plenty of sunny intervals, particularly in the south of the Park. Isolated mist and fog patches may form again overnight into Friday morning.

Chance of cloud-free hill tops above 800m: 80%

Low Cloud and visibility: Poor visibility in any early mist and fog, which may cover some slopes and summits as it lifts and clears through the morning. Cloud will generally be above the summits throughout the day, but may cover tops above 800m for a time during the morning and late afternoon, or in any showers. Otherwise good visibility expected.

**Level above which ground is expected to be frozen/snow is expected to settle.*

Meteorologist's View

UV will be moderate in any prolonged sunny spells, so some additional sun protection may be required. Feeling cold in a strong north/northwesterly breeze, so some extra layers may be necessary.

Forecast for Friday 16 Sep 2022

Weather: Any early mist of fog will clear quickly on Friday, leaving another dry and bright start. A chance of some light showers through the morning, but becoming drier by late afternoon. Scattered cloud throughout the day, but plenty of prolonged sunny intervals.

Maximum wind: Northwesterly, 15-20mph with gusts up to 30mph. Winds easing to 10-15mph with gust up to 20mph by evening.

Chance of cloud-free hill tops above 800m: 90%

Low Cloud and visibility: Poor visibility in any early mist and fog, which may cover some slopes and summits as it lifts and clears through the morning. Cloud will be above the summits throughout the day, but may briefly cover tops above 800m in any showers. Otherwise good visibility expected.

Temperature: **Valleys:** Plus 7 Celsius, rising to plus 16 Celsius.
At 800m: Plus 2 Celsius, rising to plus 8 Celsius.
Freezing level: Above all summits.
